Sir,

I am writing to the Kaputiei Village Committee which is situated in Plot No. 15/3 Isinet Sub-Location in Kajiado Land Adjudication Section to request for a portion of land for the Kaputiei villagers in favour of the villagers for building houses. We have chosen to have the land measuring 23 acres, 6 quarters and recorded at Rs. 5-8-4, at present in the building of Joseph Kon of Kutchaptra. We have cultivated maize portion of 6 acres and 1 quarter and decided that the remaining portion be reserved and added on to the village site the proportionate accounted thereon being depletion of the accounts owing to the existence of Kanga, bush, and Prosopis pilis on it.

Sir,

In submitting herewith the enumeration papers bearing with the Chittaldroog Taluk Amildar's Istilla No: 692 dated 29th ultimo together with an alienation statement in respect of 8 acres of land out of Survey No: 50 for building purposes in favor of certain Bedars and Lambanies of Haludawa village in the Chittaldroog Taluk, I have the honor to state that the fact of these people having built their houses on the land in question was brought to the notice of the Jamabandi Officer in the year 1894-95, who ordered that the assessment of the full No: should be collected from them and that an alienation statement should be submitted for the portion occupied by them.

2. The portion so occupied is measures 4 acres but the Amildar recommends that 8 acres of land should be alienated on the ground that

that this number is surrounded on all sides by cultivated lands, that these people also being agriculturists they require room for making Hulla Hittals and Kanas and that as they live in thatched huts, it is necessary that these huts should be far from each other in order to prevent them from catching fire or other accident. The revenue realized by Government from Hulla Hittals and Kanas will more than make up for the loss of assessment.

3. I beg therefore to solicit the sanction of Government to the proposed alienation, the proportionate assessment thereon being ordered to be written off the accounts.

Sir,

In submitting herewith the correspondence ending with Chintamany Tahsildar's memo No. 677 dated 25th ultimo, together with an alienation statement in respect of 2 acres and 28 guntas of land out of survey No. 20 of Majjigi Kadadenahalli village alienated to Lingamma in favour of the villagers for building purposes, I have the honour to state that the said Lingamma is a Koracha with a new alienation of 797 sheep and 103 head of cattle. The extent allotted to the Majjigi village cannot be accurately ascertained as only the total extent of the Majjigi and Majjare villages is entered in the survey accounts.

2. The petitioner has personally seen the village and reports that it

it

it is stipulated that should it not at that time be required for building more houses.

3. The Kinsales of Carrigtwohill, a portion of which is now proposed to be alienated, have executed a grant with the option required on payment of a composition at the rate of £10. 2s. per acre.

4. This Grant will be sent from the Castle pursuant to the building Rules.

5. Under these circumstances, I beg to solicit the sanction of Government to the alienation applied for, to which assent upon being intimated of the amount.

Sir,

I have the honor to submit herewith a statement of lands proposed to be alienated in favor of the villagers of Basavana Samudra of the Chitaldrug Taluk, for being used by them as Back Yards and Lanes.

2. The existing village site measures 4.6 & 5.0 and contains in it 25 houses and a population of 119 persons and 237 head of cattle.

3. There is no room available in the village site for the purposes above mentioned. Some of the villagers have therefore utilized a portion of Survey No: 3 which is an assessed unoccupied

Field.

4. This fact was brought to the notice of the Jamabandi Officer in the year 1894-95, who ordered a levy of annas eight as fine from each of the Ryots who had used the land without permission and directed that an alienation statement be submitted for the portion so occupied.

5. I have personally seen the Village and am convinced of the necessity for the proposed alienation.

6. Under these circumstances, I beg to solicit the sanction of Government to the appropriation applied for, the proportionate assessment thereon being ordered to be written off the accounts.

7. The Vernacular papers bearing on the subject are also submitted for reference.

1. Correspondence ending with docket No. 388, dated 22nd September 1894, from the Deputy Commissioner of the Bangalore District, on the subject of allotting a piece of land in the Devanhalli Kasba for the purpose of a cemetery for Christians.

No. 17512-20—R. 2598, DATED BANGALORE, 12TH APRIL 1895.

ORDER THEREON.—Before setting apart any land for the burial ground of any community, it seems to be desirable that the views of the leading townspeople must be ascertained; and if there is a Municipality established in the place, the members of such Board are entitled to state their opinion. The Deputy Commissioner who has not apparently adopted this course, is now requested to do so.

2. It is not clear whether his communication in para 3, of which he says that he has "therefore the honor, under Section 36 of the Land Revenue Regulations, to allow the piece applied for by Mr. Rice being used as a cemetery," is simply intended as a report for the information of Government, or whether he wishes any order to be passed by Government.

3. The Deputy Commissioner will also do well to ascertain the views of the local Medical Officer with regard to the sanitary effect of the proposed burial ground on the Kasba town of Devanhalli.

To,

The Secretary to the
Government of Mysore
General and Revenue Department,

Sir

In submitting herewith the Vernacular papers ending with the Mokhalsara Patak Mouzas, report No. 618 dated 3rd ultimo, together with an alienation statement in respect of Survey No: 77 of the Rampur village, I have the honour to state that the existing village site measures 2 acres and 4 gunta and there are 46 houses in it with a population of 172 persons and 438 head of cattle.

2. Owing to the paucity of land in the village site, the villagers have constructed their huts in Survey No: 1 and 77 of the village and the

fact was brought to the notice of the Deputy Commissioner by means of the Patwari Diaries in the year 1894-95 on which it was ordered that an alienation statement should be submitted for the lands to be added on to the village site.

3. I have seen the spot more than once and consider that the alienation of the two numbers, 732, and 77 measuring 5a. 8 and 8 acres respectively and assessed at Rs 7 in all is unnecessary. Hence the recommendation for only survey No 77 which measures 8 acres

4. The number in question is a Government waste and may be conveniently added on to the village site.

5. Under these circumstances I beg to solicit the sanction of Government to the alienation the assessment thereon being ordered to be written off the accounts.

I have the honor to be,
Sir,
Your most obedient servant
Illegible
Deputy Commissioner
